

**Hydrophone and Listening Amplifier with Reson TC4033 hydrophone type :
MPA102-MK2 suited for Teledyne-Reson passive hydrophone series
TC4033/TC4034/TC4013**

Set of Hydrophone and a Listening Amplifier.

An etec.dk modified version of the IMG MPA-102 together with a Teledyne-Reson Hydrophone TC4033 or TC4034

XLR Preamplifier for passive Hydrophone type number XLR4816 may be purchased separately for other purposes

Text same as above except that the hydrophone here is passive thus requires a preamplifier to convert the high impedance of the hydrophone to match the standard input of the amplifier.

**Hydrophone and Listening Amplifier with Reson TC4033 hydrophone
Price inclusive hydrophone and preamplifier euro € 2.000,-**

Hydrophone and Listening Amplifier with Reson TC4033 hydrophone

MPA102-MK2-TC4033/TC4034/TC4038
